CAREER GOALS

I am a final year student majoring in information technology at University of Transport. To Bring my dream closer to reality, I would like to work in a structured, professional workplace where I can develop and expand my experience. In addition, if I can fulfill the company's requirements, I want to work exclusively for them, bringing innovation ideas and products to the table.

EDUCATION

University of Transport Ho Chi Minh City
Final year student majoring in information technology

Ho Chi Minh
GPA: 3.5
